(Special to The Bulletin)

ATHABASCA. June 23.—H. H. Crawford, M. P. P., South Edmonton, who is stumping this riding for the Conservatives, created something of a sensation at a meeting at Grossmont school by vigorously attacking T. M. Tweedle, of Calgary, one of the party leaders in this province. He charged Mr. Tweedle with being responsible for the defeat of the Tory party. Mr. Crawford said the government was badly beaten up to the day that Mr. Tweedle raised the city about disfranchising the foreign voters and talked about conscription. Mr. Tweedle, he said, as a lawyer, know that the provincial government had nothing to do with there issues, but he raised them to influence a few votes around Calgary. In doing so, Mr. Crawford declared, he placed a weapon in the hands of the Liberals and they were contemptible enough to use it. The government, he said, was returned by the foreign vote, thanks to Mr. Tweedle.

Solution.

(By Morning Bulletin Leased Wire)
Paris, June 24.—All thought that
Russia may conclude a separate peace
must be set aside, declared Albert
Thomas, French minister of munitions
on his return to Paris last night from
an extended trip to Russia. An offensive by the Russian army is both a
material and moral possibility, in his
belief, but he declined to speculate
as to when such a movement might be
expected. The military organization
problems are in the way of solution
and the situation as regards Russia's
financial and other difficulties is improving every day, M. Thomas declared. The whole tone of the cabinet
members' talk was optimistic.

Movement For Formation Of Disturbances In Cork City—Two "Storming Battalions" Is Killed And Several

(By Morning Bulletin Leased Wire)
PETROFRAD, June 24.—One of the most favorable features of the situation on the front is the formation of "storming battalions" which are new-righten and the significant of the storming battalions. Which are new-righting.
Soldiers who favor a policy of active fighting.
Soldiers who wish to fight are transferred to battalions composed entirely of men holding this view. These men received red and black arm bands.
Their function is to lead in attacks. The movement started in the extreme south wing of the army, but now there are storming battalions everywhere.
Dr. Eugene Hurd, of Scattle, Wash, who has been with the central army since the beginning of the war and is now in Petrograd, says the idea is spreading like wildfire. Before starting for this city, Dr. Hurd saw two splendid new divisions composed of storming battalions. He also met several trains of soldiers on the way to the front all wearing the red and black badge and in excellent fighting mood. Dr. Hurd predicts that nearly all the soldiers will join the storming battalions and regards the movement as a signal for regeneration of Russia's fighting force.

LONDON, June 24.—The seizure of explosives which had just reached reached Christiania, Norway, from Germany and the arrest of three foreigners has been officially confirmed, according to a Copenhagen despatch to the Exchange Telesgraph Company. The police are continuing the investigation and when the details are known another official communication, it is announced, will be given out.

The Tidens Tegn says that 1,000 killograms of explosives were selzed, including a number of infernal machines. One of the men arrested is Aaron Reutenfels, a German citizen born in Finland, who claimed that the bombs were intended for use in Finland.

According to the newspaper, however, the infernal machines, which were enclosed in cases resembling jumps of coal, were to have been placed on Norwegian ships in the bunkers. The plot probably explains the loss of many sorwegian ships which were supposed to have been mined or torpedoed.

The affair has been discussed at a secret meeting of the Storthing, but the official investigation is still incomplete. One report says Reutenfels will be compelled to leave Norway.

(By Morning Bulletin Leased Wire)
LONDON, June 25.—The Chronicle's
Cork correspondent in a message received late Sünday night says fierce
rioting is going on in Cork, following
Sinn Fein disturbances Saturday night
and early Sunday morning. One man
died from a hayonet wound, two others were in a precarious condition
from builet wounds, several were injured and a calid was reported killed.
CORK, Ireland, June 24.—The Sinn
Feiners were active here early this
morning when they smashed the windows in a number of recruiting offices
and by means of a fire escape hoisted
the republican flag on the court house
flagstaff and smashed the scales held
by the figure of justice over the court
house. They committed many other
acts of violence.
The Sinn Feiners at a big meeting
this afternoon passed resolutions alenouncing the national convention as a
diplomatic attempt on the part of the
government to place Ireland in a false
possible and prevent the fulfilment of
Ireland's claim to sovereign independence. The resolutions demanded that
the executive convene the council to

Finance committee met at 2 p.m. on Saturday and after framing its various resolutions and recommendations, a report was submitted by Ald. MacDonald to council, which sat at 3:30.

In republican propaganda in South Africa.

South Africa's future, said General Botha, depends upon co-operation of the two white races. There could not be two separate streams and a republic could not be created unless both races were agreed. The link between South Africa and Great Britain could not be broken without a bloody city war and then somebody else would walk off with the spoils.

The premier said that talk of a republic was like playing with fire and urged that it cease. It was to Africa's interest to maintain the constitutional connection with Great Britain. The country would now be in the greatest difficulties but for the British fleet, he said in conclusion.

### BULLETIN WINS APPEAL IN SHEPPARD ACTION

OTTAWA, June 24.—The Supreme Court on Saturday gave judgment in the case of The Bulletin vs. Sheppard, and allowed the appeal with costs, the chief justice and Mr. Justice Anglin dissenting.

The action arose out of editorials in The Bulletin during the municipal elections in the fall of 1915. The Bulletin was opposing the return of ex-Alderman Rice Sheppard to the city council upon the ground that he had been a member of the majority of the council for the year 1914, which majority, it was urged, had conducted the business of the city in a manner that was detrimental to its interests. The plaintiff in the action took issue on these statements, but particularly took umbrage at an article which suggested that if the citizens wanted the affairs of the city conducted as in 1914 they should vote for members of that administration; otherwise they should not. The case of The Bulletin was that the editorial was criticizing the conduct of the plaintiff in his public capacity as an alderman and that the editorial was fair comment.

duct of the plaintiff in his public capacity as an alderman and that the editorial was fair comment.

The case was tried before Mr. Justice Ives, who dismissed it, holding that what had been published was fair comment. Plaintiff appealed to the Court of Appeal of Alberta, which by a majority held that all the publications were fair comment with one exception, and on that ground awarded the plaintiff \$350 damages and costs. From that judgment the present appeal was taken and argued last winter. It being allowed means that the original judgment of Mr. it is the Ives stands.

### Sporting Facts and Fancies

Eddie Murphy is warming the bench, which makes Comiskey and, for that actute business men paid \$11,000 for Eddie, which makes Connie Mack glad, for Connie got the coin.

Nemo Liebold is little, but—Oh, my! Being the smallest player in the American league is only one of his distinctions, and the minor one. For the first time since the White Sox got him from Cleveland he is one of the leading outfielders of the Windy City outfit.

Ray Schalk has a way with him that is all his own, particularly during his work behind the bat. If the game gets slow, you can always have a good time watching Ray.

Just leave it to Hans Wagner to brace up the Pirates' infield.
came into the game without any practice and, age or no age,
s showing the other fellows how things are done, and done

Eddie Collins used to be good for an occasional clout. An event of this kind these days, however, is like a surprise party, and while his slugging used to make pitchers lie awake nights thinking how to avoid him, it's Eddie who lies awake now, thinking how to hit 'em.

Despite his youth, George Sister already occupies a stellar position in the baseball world. He is, of course, the best player St. Louis Browns have and he has made a big hit with the fans wherever he has played. This is Sister's third season in the American league and although he is only twenty-four years old he is rated in the same class as Tris Speaker and Ty Cobb. As a first baseman he has no superior in the major leagues. He is a left handed batsman and his average is above 300. He is speedy on the bases and uses his head. It is not generally known that Sister has filled, with great credit to himself, every position in the game, except catcher.

"Shine Bail" specialists are being developed in the major leagues. A regular epidemic, in fact, is sweeping through the pitchers' ranks. The "shine" is described as a bail with two slick spots. The majority of pitchers are trying it out, but it takes some time before it can be successfully controlled. Among those who are devoting considerable time to the study of the "shine bail" are shore and Bader of the Red Sox, Dumont and Shaw of the Washingtons, Falkenberg of the Athletics and Cicotte of the White Sox.

Prizefighting and Bull Fighting.

The Latin races have always looked down upon our good old Anglo-Saxon boxing matches and the reason that they did so was because they considered them, Oh! so brutal. The Spaniard, for instance, loves his bull fight. There is glory to him in such an exhibition. To us there is in it nothing but glory with the "!" left out. It is just four years ago today that "the greatest bull fight ever" was held at Santander, Spain, and, while reports are lacking, it is certain that an enjoyable time must have been had by all. The announcements of this great event promised to give full satisfaction to the tender feelings of the audience. Among other things it said "Instead of the usual six bulls, the customary number, no less than eighteen bulls will be killed. Six bullfighters, all numbered among the most famous in Spain, with their suites, have been engaged, and it will be an all-star engagement from beginning to end." The event is called the "most wonderful spectacle of its kind ever beheld and not likely to be repeated. Small bills supply additional details regarding the great sporting event, details which would make some of our roughest ring artists, even the old timers who fought with bare fists, shudder with horror. For instance, it is predicted that no less than fifty and probably as many as a hundred horses will be kilked before the day's festivities are over. There are hints that even some of the matadors may lose their lives, and this is offered as an additional reason to be present, although this is not said openly. The picadors and assistants, however, being less skilled than the matadors, are cartain to come to grief, and, from the way the program tells of it, you can just see Mama and Papa and Willie saying in Spanish: "Gee, won't that be fine." It may be mentioned here that such a brutal thing as boxing is unknown in Spain. No noble Spaniard, no, never.

Word has been received in the city that Capt. Geo. D. Hunt of the 49th Battalion, formerly news editor of the Bulletin, who was wounded in the fighting at Vimy Ridge is to be invalided home and will return to Canada shortly. Capt. Hunt was wounded in the left foot and has had a portion removed since, with the result, it is stated, that he will be lame for life. At the time of his injury he was in command of a platoon and was engaged in consolidating a captured position when a high explosive shell burst near him, killing six men and wounding a number of others, including Capt. At the sitting of the railway commission in Edmonton last week Colonel Edwards strongly urged the claims of Cooking Lake to better treatment at the hands of the Grand Trunk Pacific railway for the accommodation of residents and visitors. He pointed out that Cooking Lake is the most convenient and popular resort for Edmonton people. Frequently there are as many as four or fivenundred people travel over their system to the lake. This is a normal number on Sundays during holidays season, while on special occasions such as excursion days, civic holidays etc., from one to two thousand people use this means of transportation. ### **CELEBRATION** ARRANGED FOR **ANNIVERSARY**

Committee Of Canadian Clubs Preparing Program For Dominion Day.

The question of providing band mu

The question of providing band music for the celebration of the 50th anniversary of the Canadian confederation, to be held at the exhibition grounds on July 2nd, was brought before council on Friday, night by an application of the Canadian club that council would provide the payment for the band of the Reserve Militia.

Council exhibited sympathy with the request, but it was left over until next Tuesday night for decision. The cost of the band will be 365.

Celebration to Be Big One.

Details of the celebration were furnished by G.H. Gowan, convenor of the special committe from the Edmonton Men and Women's Canadian clubs which has the matter of the arrangements in hand.

Mr. Gowan stated that at a conference of the executive of these two clubs it was arranged, with the kind co-operation of the minister of education, to have all grade 3 pupils throughout the province write a paper on the history of Canada leading up to confederation. The necessary information directing the study of these historical events was also prepared for the guidance of the pupils. The combined executives of the Canadian clubs agreed to donale \$100 for prizes, that allowing for a \$5.00 prize for each inspectorate.

At the same meeting a joint sub-

agreed to donate \$100 for prises, that allowing for a \$5.00 prize for each inspectorate.

At the same meeting a joint subcommittee was appointed to propose plans for an adequate celebration. The deport of this committee was subsequently adopted, when it was decided to provide a program on the 2nd of July, in the horse show building, calculated to last from 3 to 5 p.m., embracing music, a massed chorus of children selected from the schools trained to sing patriotic airs, a depiction of certain historical events, folk dances, and other special features that might be suitably introduced.

The arrangements are now well advanced. The arrangements are now well advanced. The connection with the staging of the historical tabbleaux is being arranged for through the Canadian clubs, and with the assistance of the various chapters of the Daughiers of the Empire. The Red Cross society has been given the privilege to sell ice cream, candy and other refreshments, and is also to have charge of the program and advertising therein.

There is to be no charge for admission to the celebration, as it was deemed inadvisable to debar any person from attending this parfield demonstration by a charge, however small.

#### RUSH FOR TICKETS FOR ALBERTA BEACH

Commercial Travellers' Picnic Promises To Be Great Attraction On July 2nd

So great has the rush been for reservations from private parties, wholesale houses and small fraternal
groups, to spend the day at Alberta
Beach with the Edmonton travellers
on Dominion Day, that the local U. C.
T. has been compelled to get extra
equipment from the Canadian Northern Railway, to accommodate the
large number of prospective excursionists. Instead, therefore, of only
one train leaving in the morning, as
had previously been arranged, two
trains of sixteen coaches each have
been secured. The first will leave the
C. N. R. depot at 9 a.m. sharp, followed almost immediately by the second, and a third train will leave in
the afternoon at 1 o'clock. Returning, the journeys can be made at 6,
6,35 or 10 p.m.
The local drummers have been advised that a scheme is on foot whereby the inhabitants in the districts of
Lac St. Anne and Onoway are to make
Alberta Beach their happy rendevous
on Dominion Day and to lend the travellers every assistance in making the
event the most noteworthy of all outings yet held at the popular lake. H.
M. Swan, president of the Onoway and
district branch of the Red Cross soclety, is taking a prominent interest
in the arrangements, and has already
intimated the running of a flower
estand, and has engaged a flottila of
motor launches to ply the lake for the
benefit of the society.

Pte. Wilson distinguished himself in the military sports held in Edmonton on May 24th, 1916, in the long distance races.

#### FARMERS COMPLAIN OF BLACKSMITHS' EARLY STOPPING

Deputation Appears Before City Council From Local U. F. A.

That there should be some modifi-cation of the blacksmiths' early clos-ing bylaw during the summer time was asked of the city council on Sat-urday by a deputation of the U.F.A., headed by S. W. Candy and Rice Shep-pard.

urday by a deputation of the U.F.A., headed by S. W. Candy and Rice Sheppard.

Mr. Candy pointed out that the clossing at 5 p.m. would work a considerable hardship in the case of farmers during the busy season. For instance, there would be breakdowns and men sent in for repairs and unable to get the work done; again, a farmer was often obliged to keep to his work during the day and the evening was the only oportunity he had to come in for repairs or shoeing.

The deputation were assured that council was powerless in the matter, and that it entirely rested with the blacksmiths themselves. They had brought a proper petition before council, and all that could be done was to pass the bylaw.

Mr. Candy: Then you mean to say that if we want anything we have got to go to the Fort or else establish blacksmiths outside the city.

Ald. Douglas: If they have the work in before 5 o'clock they can work all night.

Ald. Grant remarked that if it was a

night.

Ald. Grant remarked that if it was a case of emergency he did not think that the bylaw would be too strictly enforced.

#### BATHING PLACE FOR CHILDREN IS BEING PREPARED

Lake at East End Park Has Been Drained - Area About 10 Acres

The city engineering department have now completed the work of draining the lake at East End park, preparatory to commencing the work of cleaning the lake bed, then constructing a bathing place and curb and sidewalk at one end for the benefit of the children.

The parks and markets committee will now visit the place and give their final decision as to the best manner to carry out the improvements which have been authorized by council.

The lake includes an area of about ten acres, and although only a small portion is now to be turned into a bathing beach, it is hoped that some time in the future that the lake may bbe wholly utilised as an up-to-date and properly equipped swimming and bathing place for the children.

#### CONSCRIPTION OF MAN POWER, WEALTH

Resolution Adopted By East Clover Bar Local Of the U. F. A.

At the last monthly meeting of the East Clover Bar local union No. 8 of the United Farmers of Alberta, the following resolution was unanimously passed:

"Whereas in the present great crisis in the affairs of our country and the Empire, it is necessary that all our resources be absolutely at the disposal of the nation; therefore be it resolved that we urge upon the government to adopt a plan of conscription, not only of the man power, but also of the wealth of the country."

The annual joint picnic of the Clover Bar and East Clover Bar local unions of the United Farmers of Alberta wil be held at Bremner on 4th July, 1917.

### DR. DYDE HAS GOTTEN CALL TO KINGSTON

Robertson College Head May Accept Principalship of Queen's Theological.

Principal S. W. Dyde of Robertson College has received the intimation that he is to be formally offered the principalship of the Theological Cellege of Queen's University, Kingston. Dr. Dyde was out of the city yesterday, but it is understood that he is likely to accept. The members of the board of Robertson college have been apprised of the situation, but. of course, can take no action until it formally comes before them.

The principalship of Queen's Theological College includes a professorship on the teaching staff, of which Dr. Dyde was a member previously to coming to Edmonton. The position has been vacant for some time and a committee of the board of management has been seeking a suitable man to fill it. After a survey of the available candidates they decided that Dr. Dyde was the man for the place and the committee, it is understood, interviewed him with respect to the matter. Their favorable report resulted in the decision to extend a formal invitation, which, it is understood, is now on its way.

Dr. Dyde has been at the head of Robertson College for about six years now, and it is largely due to his energy and efficiency that the institution has attained for present standing. Coming so soon after the call of Dr. Riddell of Alberta College to Winniper, it will constitute a loss to Edmonton educationists.

### DOMINION SQUARE TO BE IMPROVED

City Property Familiarly Known as Rice Street Market, to be Seeded Down

The barrenness of Dominion Square rather better known as Rice street market equare—has long been an eyesore. of a girl friend? Something a little bit novel, as he is well supplied with a necessaries.

A GRATEFUL READER.

I should suggest that you make a trip to the infants' department of any of the large shops or the smaller specialty shops, many of which carry all sorts of odd and attractive gifts for babies, sets of three celluloid toys tied together by ribbon which float around in the child's tub are nice; also teething rings, tiny hot water bags in embroidered covers, small hand-painted coat hangers for the infant's coatees, celluloid rattles which can be chewed without danger to the child, baby books, etc.

Eldest Brother Does It

To the Editor of Woman's Page:
Dear Madam—In a family consisting of three married brothers and one married sister, who should announce the marriage of the remaining single sister, one of the brothers or the sister?

The eldest brother and his wife should announce the marriage of the sister, if he is living in the city with her. Of course, there are circumstances which change this order, but this is the usual method of procedure.

An ice cream social will be held at McQueen Presbyterian church on Monday evening, June 25th, af 8 p.m. Here is a suggestion for the city authorities: We have on the corner of the Fort trail and 66th street a horse trough that is very extensively used; in fact, humans as well as animals are often seen drinking from it. A drinking fountain in connection with it would be appreciated.

Roman Catholic Concert.

For the first time since the disastrous fire of 1915 in the North Edmonton monastery, the reception hall was opened Wednesday evening when a juvenile concert, under the direction of Rev. Father Celestin Joseph, superior of St. Francis church, north Edmonton, was held. The concert was to celebrate the broaking up of school for the summer holidays and was for the benefit of the separate school children of North Edmonton, The hall was decorated for the occasion and Rev. Father Celestin left no stone unturned to make the place comfortable and attractive for his dear children and their parents. The concert was a real success, the children doing their part splendidly, reflecting great credit to Rev. Mother Mary of Rosary, Superior of the North Edmonton convent, and Rev. Mother Mary of Victory, principal of the North Edmonton convent, and Rev. Mother Mary of Victory, principal of the North Edmonton convent, and Rev. Mother Mary of Victory, principal of the North Edmonton convent, and Rev. Mother Mary of Prizes pared to the lute training that not a single mistake was made during the evening. Prizes were presented to a number of children and so perfect was their training that not a single mistake was made during the evening. Games were included in three groups by Mr. John Tremblay and Mr. Guillemand, both of North Edmonton. All the children were held, prizes being given the winners, Rev. Pather Boniface acting as judge. Before Jinner the children were photographed in three groups by Mr. Jo ly meeting will be held at half-past ten in the morning, which meeting is open to all members and at which the knitting circles are asked to give reports of their month's work.

The men who have gone from here to the trenches of France have offerde, and are ready to give their very dives for us, and yet just because he received a mere parcel of socks, sugar and gum one of them wrote not long ago: "We wish we could do something for the women at home who are so good to us." Surely all will want to have some share in the parcels that so to such men as we have on the battlefield of France.

PANTAGES PROGRAM

A cycling act that is big enough, spectacular enough, and unusual and exciting act in the world, but one that invariably heads any big time vandeville bill upon which it may appear, is the feature attraction at the Pantages theatre this week, when Charlie Ahearn, the tramp, and his cyclist troupe appear. The spectacular feature of this act will be Percy Whirlivind's ride against the Wo-horse power Red Devil programmed as an exhibiton of "Some Speed." The whole act is a comedy stream from start to finish.

With a line of talk that is all original and many longs sung in an entirely infinitable way. Kane and Herman, the "individual sunder on the program. They appear as two merry clubmen returning home in the wee small bours, and meeting on the waterfront of New Forchity the change their thoughts with irresistible spirit and gusto. Worthy of special attention is the scenery they use, which shows in actual detail New York's famous shows in a the program. The program is sho

PAULINE FREDERICK AND FATTY
ARBUCKLE AT THE MONARCM.

Pauline Frederick, flirting, Pauline Frederick intriguing, plotting, smilting, weeping or storming up and down a room—all these are familiar Pauline Fredericks to the millions of photoplay fans who have watched her through her many pictures. But a Pauline Frederick who is charmingly naive, who sacrifices all and stoops to pitifully transpartent wiles to gain the man she loves—this is a new Pauline Frederick. As Vivian Tyler in her latest Famous Players-Paramount picture, "Her letter Self" at the Monarch this week, Miss Frederick is all of these and many more personalities in one, it is said. "Her letter Self" is an unusual picture, and Miss Frederick has achieved a veritable sensation.

Paramount Pictures Corporation has an-

Miss Frederick has achieved a veritable sensation.

Paramount Pictures Corporation has announced "A Reckless Romeo," the second of the series of two reel comedies in which Roscoe "Fatty" Arbuckle is the star, and which will be shown as the added attraction on the program. So wonderful has been the success of the first comedy, "The Butcher Boy" and so great has been the clamoring for additional pictures of this class, that Paramount has decided to release the second picture one month after the first picture is shown. Paramount has established in each of their twenty-seven extendanges Arbuckle departments which handle the Paramount-Arbuckle pictures exclusively. Save for Al St. John, the original Keystone cop, the company is supporting Arbuckle in his latest feature for Paramount.

"THE GIRL PHILIPPA"
AT THE EMPRESS
Robert W. Chambers, the popular author of "The Girl Philippa," has volceds his unqualified praise of the manner in which the Vitagraph company produced the photoplay version with Anita Stewart as the star in the title role of Philippa, under the direction of S. Rankin Drew. In this production, which is at the Empress theatre for the first four days of this week, the characters are admirably suited to each other and to their roles, and in every instance they seem to be Mr. Chambers' own brain children who have stepped from the pages of his famous novel. Anita Stewart is more delightful than ever as Philippa, and she has created one of the most wonderful roles ever seen en the screen, while Mr. Drew forsakes his true identity for that of the American artist with apparently no trouble or effort. Anders Randolf as the rascall up y Wildresse is, as Mr. Chambers expresses it, the character itself, while Jule Cowies leads much clean humo as a servant, "Asticot." Pauline Curley, too, as the nin, seems to have recently stepped from the secluded clotter of some far-off convent. With perfect backgrounds, typical atmosphere, masterful direction and characters as well suited to their roles as they are in this case, it is no wonder that all critics deciare the wonder film has come into being. Anita Stewart speaks thasly of the character which she has been given: "I can hardly expresses how extremely delighted I was while living my minic life as Philippa before the camera. Wonderful most nearly expresses my expressee. Robert W. Chambers was always one of my favorite Expresses my experience. Robert W. Chambers was always one of my favorite

authors, but I never knew fully what a charm his writings had until he revealed in "The Girl Philippa" my ideal of a heroime-human but celestial, sprightly but wistful, with all the charm of fluctuating moods mesking holy constancy. My highest ambition was to play Philippa. You can imagine how I thrilled when unexpectedly it fell to my lot to play that very part. If I have interpreted the character of Philippa to the taste of my friends it is because I revelled in the task."

MAJESTY—"Bluebird Day" will be celebrated at the Majesty theatre today and Tuesday by the presentation of a comedy drama, filled with exciting episodes and surprising developments, entitled "The Clock." Franklyn Farnum and Agnes Vernon will be the leading players, supported by Frank Whitson, Mark Fenton. Charles Mailles, Seymour Zellff and Willis Marks. How a young spendthrift was tricked into becoming a good business man and a valuable citizen is told in interesting detail. The fact that the girl he loved despised the scheme of his reformishes the incentive for a "surprise finish" to cap a lively entertainment.

#### Today's Anniversaries

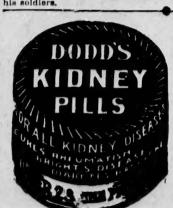

The heroism of the Duitch peop! has become a world tradition. Not alone have they repeatedly sacrifice themselves, but they have even sacrificed their homes and their country-rather than give them up to a foreign foe. Such was the case during the Spanish Inquisition, and such was the case on June 25, 1620, when the kins of France, at the head of 120,000 choice troops, commanded by the ablest generals in the world, entered Utrecht and advanced to within nine miles of Amsterdam. At this crisis the inhabitants of Amsterdam opened the sluices and laid the country under water. Fertile fields and many villages were overwhelmed by the inundation, but the foe hastily withdrew, thus saving Hollang, for the time being, at any rate.

On this date in 1725 Jonathan Wild the noted their catcher, was hanged at Tyburn. The evening previous he tried to poison himself, but lived to be stoned and hooted by the mob on his way to the gallows.

On June 25, 1794, Charlerol, scent of bloody fighting during the present war, was surrendered to the French under Jordan.

#### VERY.

Toronto News: "Conscription "of wealth is a cry that may easily be abused." Also lightly disregarded, it seems.

#### WHY?

Why exempt the industrial blacker from conscription for work. Is one man's leisure more sacred than another man's life?

#### ONLY ON CONDITION.

The extent to which the people of Canada are allowed to govern themselves depends, it appears, on whether or not they are prepared to approve the record of the Borden Government and to continue Sir Robert as Premier. Sir Robert admits that the public are entitled to express their opinion on the question of conscription, but says they will not get a chance to do no unless conscription is tied up to himself in such a way that they mannot endorse conscription with out thereby endorsing him.

#### AN INQUIRY.

A correspondent inquires how t came about during the recent provincial election campaign in the city that one of the party organizations obtained a list of the soldiers' wives who receive grants from the Patriotic Fund, and used this list to circularize the women and organize the meeting in the ing, as president of the North Alberta branch of the Patriotic bribery incident of last year and Fund and also one of the patriotic bribery incident of last year and Garland theatre. Perhaps Mr. Ew-Fund and also one of the candidates on whose behalf the meeting was arranged, can explain how the list came into possession of his organization and came to be used for such purpose with his sanction and approval.

#### THE CONTROL NEEDED

Hon. W. J. Hanna has been appointed food controller of Canada, with powers which are said to be, and seem to be, very wide. It is to be hoped that he will exercise them without regard to Sir George Foster's unhopeful dictum that it is impossible to arbitrarily fix prices so as to rescue the publie from the food pirates. Otherwise the controller will be mainly a nuisance and an expense. It is not a dictator to tell them what they may and may not eat that the Canadian people are sorely in need of. The profiteers have been telling them that; more effectively than any official can do it. What is required is a regulator who will

#### THE SOLDIER'S FAMILY

The Manitoba branch of the Patriotic Fund has endorsed a proposal that the Fund allowance to children of soldiers be increased by two dollars per month. The proposal is in recognition of the evident fact that the cost of living has so increased as to make it necessary to increase the in-comes of the soldiers' dependents if they are to be dealt with fairly.

were moderate in amount when fixed more than two years ago, omy, nor fair to the people of the even in view of the then prevailing Western Provinces. Western Cancost of living. As the cost of most ada produces more food than any necessaries of life has gone upward out of all relation to the cost lation employed in the task, and when the allowances were fixed it must be "bad business" when the dependents are obviously not the world needs food to deplete in as good position as they were two years ago. If they are to be treated as their husbands and fa-power is most effective in order to

Instead of fort and sacrifice. leaving the liberally disposed portion of the public to make up the increased income needed by the soldier's family by increased contributions to the voluntary Fund, the added allowance should be paid out of the public treasury from the proceeds of taxation imposed upon everybody.

#### RARE.

What is so rare as a day in June -this kind of a day in this particular June?

#### WHY NOT?

How would it be to apply conscription where it is needed-instead of conscripting men elsewhere to make up the deficiency!

#### LOCK THEM UP.

Montreal reports the organization of an anti-conscription league known as "Knights of Death," the leaguers declaring their pur pose to be to oppose conscription by every means, including armed resistance. That is a direct defi-ance of authority, and should be dealt with promptly. The Knights should be locked up before they get somebody killed.

#### TO EXCUSE QUEBEC?

Hon. Arthur Meighen says conscription will bear less heavily upon Quebec than any of the other provinces. Just what he means by that the public ought to know. The only apparent meaning to attach to it is that conscription is to be applied in the other provinces without first requiring Quebec to supply the men it was asked to provide by voluntary enlistment but failed to supply. If the idea is to conscript men from the other provinces to make up Quebec's de-ficiency the people of the other provinces are entitled to know it.

#### PUBLIC OPINION ON TRIAL.

General Provincial elections are being held in Saskatchewan next week. As in Alberta, the Opposition there do not appear to have discovered any substantial reason why they should be substituted for the Government as directors of public affairs. The question of policy being thus eliminated, the result will no doubt turn largely treatment of those members of the Legislature who were found in volved. Premier Martin's course in that connection was exactly what it should have been. The returns from the polls will show whether and to what extent the people of Saskatchewan stand behind a premier who has the moral courage to protect the public in terests even against party friends and supporters in the Legislature. It is not the Martin Government that is on trial so much as the electors of the Province.

### WHERE THE SHORTAGE SHOULD BE MADE UP.

Enlistments in Canada are officially given as having reached the total of 420,000 men. We are, therefore, 80,000 men short of the half million Sir Robert Borden promised that Canada would put

HYDRO EXPENDITURE.

Editor Bulletin.

Sir.—I notice in the council proceedings of June 19th, a letter was read from the Edmonton Power Co. that their expenditures on hydro-electric to date was around or near \$500.000. Had they stated that since they received the franchise they have had manufactured 150,000 feet of square timber at \$8.00 per M., which was done under contract and that outside of this contract they have been employing from one to ten men only, and that they do not use a spade, shovel, or chain and have \$100 invested in buildiags and \$6.00 in awes, it might have come nearer to the mark. Apparently they added too many cyphers to the amount. Very respectfully.

#### LEGAL INQUIRIES

Legal questions will be answered in the columns of The Bulletin, after being submitted to The Bulletin's own legal representatives. Write on one side of the paper only. Be-brief. Send stamped envelope for really.

Assessment for Patriotic Fund.
To The Bulletin Legal Department:
I understand that L. I. D. No. 548
held a special meeting on May 19th
and at that meeting they took action
to assess the whole of that district at
4c per acre in aid of the patriotic
fund. What power or authority have
the councillors to act in such respect
without consent of the people they
represent?

At the last session of the legislature
an act was passed empowering the
councillors to levy a patriotic tax, the
proceeds to be paid into the Canadian
patriotic fund. As the act provides
that this tax may be levied in exactly the same way as any other tax, it
is not necessary for the councillors to
get the consent of the ratepayers.

#### JAMES PRIESTLEY

At the Royal Alexandria hospital, Edmonton, on Monday, June 19th, James Priestley passed into the larger and freer life. He was in the prime of life, being only 58 years of age.

James Priestley came of fine old English stock, from that great broadminded, practical, middle-class of English society whose good common sense and sturdy moral manhood have made old England what she is. He was a good mechanic, a clear thinker and a fearless (pponent of all oppression and wrong. His convictions were deep and strong and he had the boldness to stand fearlessly by them. Thirteen years ago he emigrated from Yorkshire, England, and settled near Onoway, distant from Edmonton about 40 miles. Here he bent all his energies to mould that new country into forms of moral beauty and economic prosperity. With ungrudging fulness he gave of his time and energy to the welfare of the community. He was essentially a community man, He was essentially a community man, He was seventially a community and the religious activities. For eight

years he held the honored and respected position of school trustee. For five years he was president of the local of the United Farmers of Alberta, secretary-treasurer and director of the Onoway Agricultural society for five years, a justice of the peace for four years. All these indicate how closely his life was identified with the public activities of his community.

He leaves to mourn his early departure an aged nother now in her eightieth year, a devoted and faithful wife, three valiant sons and three worthy daughters. The three sons have been serving the empire in Flanders. Norman, the eidest, is a Methodist minister. As a private his joined the 202nd battalion. One year ago last May he had the honor of receiving his degree of B. A. from the University of Alberta while wearing the king's uniform. Norman is a splendid type of man. Arthur, who enlisted in the 49th battalion, has been reported missing. One daughter is married to Major Rose of Calgary, one to Mr. Oliver of Saskatoon, and Clara, the youagest, is at home. This is a family of boys and girls any one of whom any father and mother in the land might feel proud. A brotaer, Arthur, mourns the loss of a goud fellow worker in the Onoway community.

The funeral service was conducted in the Metropolitan church on Wednesday, May 13th, by Rev. A. R. Aldridge, assisted by Rev. E. Val Tilton and Dr. J. H. Riddell. The large congregation which gathered at the church and followed the remains to the grave showed the respect in which our brother was held in Edmonton.

Another good and brave man has been crowaed. We will miss his kindly, unobtrasive presence. This world is poorer, but the larger life is richer. He is not dead. There is no death. The conquerer once said: "I am the resurrection and the life. He that liveth and believeth in Me shall never die."

WINNIPEG GRAIN MARKET.

WINNIPEG GRAIN MARKET.

Wianipeg, June 23—There was very little gossip early and what little came through contained no news. Weather conditions were not favorable to rapid development and markets were strong in tone and generally higher.

Winnipeg October wheat was one cent lower at the opening, opening at \$2.01. July onts were '4 to '4c higher at 70% to 71; October onts were '4c higher at 70% to 71; October onts were '4c higher at 70% to 71; October onts were '4c higher at 70% to 71; October onts were '4c higher at 70% to 71; October onts were '4c higher at 60%.

Minneapolls wheat opened 2c up for July at \$2.35. There was a bid of \$4.84 for Beptember, but no official opening to ten o'clock.

There were 800 cars inspected at Winnipeg out of which 250 were contract grade. The weather over the west was generally cloudy, with scattered showers at Battleford, Prince Albert, Swift Current, Moose Jaw, Qu'Appelle and Saskatoon. Winnipeg was cloudy with no rain.

Winnipeg October wheat closed 1%c down after having sold 3c over Friday's close. July onts closed 4c lower; October 4c and December %c lower, July flax opened 4g cown and closed 7c up; October closed 3c up and September 4c lower; October closed 3c up and September 4c higher.

There was a good cash demand today and the allied agent was ready for all of, ferings and got considerable. There was a good demond for oats, said to be New York brokers burying for Belgian account. Offers of oats were fairly liberal.

Chicago, June 23—Wheat prices tended to harden today, influenced by reports of improvement in conditions as to the number of vessels available for shipments to Europe. Transactions in future delivaries, however, were confined to the September option. The market for that month opened je higher at 1.85 and later rose to 1.90.

Unfavorable weather hoisted the corn market. Besides country offerings to arrive were light and sesboard demand was again apparent. After opening 4/c to 1/4c up. 11/10cs scored a moderate further advance. Oats sympathized with the rise in other cereals. Provisions continued to respend to the better cash demand for meats. Statement of Anti-conscription Speaker at Meeting in Montreal

Montreal, June 23-At the anti-con scription meeting addressed last night in Baril hall, in Montreal's east end, by Tancrede Marsil, the anti-conscription leader, another speaker, Lerenzo Robitail, who has addressed many meetings with Mr. Marsil, said:

"If the majority of Canada is for conscription, I will respect the constitutional law constitutionally made. There is no need to preach revolution. There is a better way. The workmen throughout the country are organized and the best remedy would be a general strike."

Mr. Robitail told of a great number of other matters, referring to the appointment of a Methodist minister as recruiting officer for Montreal and declared his belief that French-Canadian have enlisted in greated numbers than they were given credit for. cription meeting addressed last night

#### WORKMEN URGE REAL EQUALITY OF SACRIFICE

Conference in London Considers Conscription of Wealth Was First Call

London, June 23.—A highly important conference of the triple industrial alliance of miners, railway men and transport workers has opened in London to consider a resolution passed by the executive committee of all three unions declaring:

"We observe with misgivings the attempt to introduce the principle of compulsion. We warn the responsible officials of the danger of efforts to destroy trade unionism by labor conscription, declaring that for every reason favoring conscription of menten reasons exist favoring the conscription of wealth and property."

The delegates present represent 3, 000,000 organized workmen. The addresses indicated profound dissatisfaction because of the suspicion that plans are being perfected contemplating the wholesale conscription was adopted unanimously:

"The conference considers that the conscription of wealth should have preceded the conscription of human life and accordingly it demands the registering of wealth and property in order to prepare for real equality of sacrifice,"

"Let me try!" begged Uncle Wiggily. But his paws were not big enough. "I'll do it!" said the Lobster, And with his strong, pinching claws he punched open the can of peaches as easily as you can eat a chocolate cream drop. So it is a good thing Uncle Wiggliy brought the lobster home for supper, you see. #### Uncle Wiggily and the Lobster

Copyright, 1917, by McCiure News-paper Syndicate,

You'll be home to supper, you?" asked Nurse Jane Fuzzy Wuzzy. the muskrat lady housekeeper, as she saw her friend, Uncle Wiggliy Long-ears, the rabbit gentleman, hopping down off the front porch of the hol-low stump bungalow one morning. "Oh, yes, I'll be home," he answer-ed. "I'm just going to look for a lit-tle adventure."

ed. "I'm just going to look for a lit-tle adventure."

Then, not having been there in quite a while. Uncle Wiggily went down to the ocean seashore beach.

"For," said the old rabbit gentle-man to himself. "I have not had a seashore adventure in some time. And, perhaps, my friend, Alice, from Won-derland, may be down there. I know in her story book there are many curious things that happen near the sea."

sea."
So down to the shore went Uncle Wiggliy and as he was walking along, looking at the funny marks his feet made in the wet sand, all of a sudden he came to a pile of damp, green seaweed, and from underneath it he heard a voice calling:
"Oh, help me out!" Please help me

Dear Uncle Tom—I will write to your club as it is quite a long while since I wrote. I saw my last letter in print and was giad to see it. I have cut it out. We have a little pet dog, and it is 1 year old, but is very small. It only weighs 13 lbs. When we set it on the scale, it sits up like a man and looks at us, it never jumps off unless we tell it to. Her name is Flora. This will be all for this time.

neard a voice calling:

"Oh, help me out!"

"Ha! That sounds like some one in trouble!" Uncle Wiggily said. "I must help them." Then with his red, white and blue striped rheumatism crutch that Nurse Jane had gnawed for him out of a lollypop stick, the bunny poked away the seaweed, and underneath it, all tangled up so he could hardly move, was a Lobster gentleman.

"Oh, it was so good of you to get me out," said the Lobster as he gave a flip-flap with his tail. "An old crab, who doeen't like me, piled the seaweed over me as I was taking a nap in the sun. My long thin legs were all tangled in it and even with my big pinohing claws I could not get loose and I was so afraid I'd be late."

"Late for what?" asked Uncle Wiggily, wondering where the Lobster was going.

"To the dance—the quadrille, of

"To the dance—the quadrille, of

"To the dance—the quadrille, of ourse," was the answer.
"Oh, now I remember," said the unny. "It's in the Wonderland Alice ook. You have to go to a dance, on't you?" don't you?"
"Exactly," said the Lobster. "I'd
be pleased to have you come with

me."

"I will," promised Uncle Wiggily, thinking maybe he would have an adventure there. So down the beach started the Lobster gentleman and the bunny uncle. On and on they went for a long, long time, it seemed to Uncle Wiggily, and it was getting quite late, as he could tell by the star fish which were twinkling on the beach, and still they had seen no signs of a dance.

and still they had seen no signs of a dance.

"I can't understand it," said the Lobster. "Alice said I was to walk until I met her, and she'd take me to the party. And we certainly have been walking a long time."

"We have," agreed Uncle Wigglly. "It is so late I'm afraid I'll have to leave you and go home to supper, as I promised Nurse Jane.

"That's too bad," went on the Lobster. "I wanted you to see how well I can dance on the end of my tail. But I can't understand why we don't get to the quadrille. We certainly have walked down the beach, haven't

"We have," answered the bunny. "But—Ah! I have it!" Uncle Wiggily suddenly cried. "You have been walking BACKWARD, and I have been following you. We have been going away from the dance instead of toward it."

"No, this isn't the dance," said Uncle Wiggliy, "This is where I live. But I'd be pleased to have you come in to supper, and we can go to the dance tomorrow,"

#### Little Stories of Big Men United States Senator Colt

United States Senator Colt

Rhode Island may be the smallest state in the union, but there is certainly nothing small about the way that state does things. One of her leading industries is the production of great statesmen. She has probably grown more of these per square foot than any other state, and she began very early in the history of our country. There is, for instance, United States Senator Le Baron Bradford Colt. Senator Colt is a Republican in politics, but first of all he is a true, patriotic American, and he has upheld President Wilson's hands every time the occasion demanded it. Le Baron Colt was born at Dedham, Mass., June 25, 1846. He graduated from Yale at the age of 20 with the degree of Doctor of Laws from Columbia and Yale and other degrees from various institutions of learning. He married Mary Louise Ledyard of Chicago in December, 1873, at which time he was practicing law in that city, having been admitted to the bar in 1870. In 1875 Mr. Colt decided that there was a greater field for his activities in the state of Rhode Island, and moved to Bristol. Besides practicing law in his new home town he entered politics and took part in several very lively state and national elections. His first entry into public affairs was as a member of the Rhode Island house of representatives, to which he was elected for the term beginning 1879 and ending 1881. When his term was over he was appointed United States district judge for Rhode Island and acted as such until 1834, when he was appointed United States district judge for Rhode Island in March, 1919.

Brother at the War

Dear Uncle Tom—I received my welcome badge. I can see the words on it this minute. We bave five horses and five cows and five small heifers. I am nine years old. I am in Grade IV at school and in the third book. My brother is at the war. He was in the 66th when he left Edmonton, but was transferred to the 49th battallon. My father has only got one arm. He has got the left hand. He can write pretty good. My brother and I are staying home today because it is so wet. Well, I guess I will close now because it is getting near meal time.

HAROLD COUCH.

Winterburn, June 21. FIRST METHODIST CONFERENCE.

The first Methodist conference was held 173 years ago today, June 25, 1774. This pioneer conference of what is now one of the greatest of the world's denominations was called by John Wesley, who felt that a more definite and extensive organization than he had first given his followers was imperatively needed. The conference was composed of six clergymen, who proceeded to the consideration of three topics: What to teach, how to teach and what to do. The first two days were occupied with the discussion of several doctrines, evangelical and Arminian, which were defined with precision. On the three following days they discussed the relation of the Methodist societies to the established church. In a second conference, five years later, Methodism took an organic and definite form, as Wesley's opinions on "church order" had undergone a great change. An annual conference was then instituted, class meetings and love feasts sanctioned, and Methodism had henceforth its preachers, lay preachers, leaders, trustees, and stewards. From that time on Methodism began its gradual divergence from the Church of England, which ended in a complete separation. Calf Killed by Dogs

Dear Uncle Tom—This is my fourth letter to your Cub. I think I am going to pass in Grade IV, and the flowers and vegetables are up, and during July we are going to go to school and weed the gardens. Then they will be nice in August when we go back to school. We have hops at school on each side ofthe serval, we had a caif killed by the dogs. I found a blackbird in the pig yard. We had a nice garden at home too. We have small maple trees and flowers are in bloom at school. We have 62 sheep, hambs and all.

BARBED WIRE

Will Write Every Month
Dear Uncle Tom-This is my second
tetter to your interesting club. I got a
badge, a few days ago and I like it very
much. I wear it every day. The children
in school say it is very nice. I will try
to write every month. I have seen several
letters from friends of mine in Aladdin
club. Our teacher is going away in two
weeks. She is not coming back after the
holldays. BARBED WIRE

Before the present war barbed wire was chiefly used to surround pastures, and the principal result was that your pants were torn when you tried to get through a wire fence. When the conflict broke out this commodity took on a very much more serious aspect, and people began to inquire into its origin. Statements have been made that its inventor was Col. Elbridge, an American army officer, and that he used his wife's hairpins in experimental work. This, however, seems to be erroneous. The first attempt to perfect a type of barbed wire was made by W. D. Hunt of Scott, N. Y., who used spur wheels strung on a wire fence. He patente the idea July 23, 1867. Lucien 1 Smith, of Kent, Ohio, secured a patent on June 25 of the same year for wire carrying projecting wire spurs, and this was the first suggestion of barbed wire as it is known today. While this patent antedates the Hunt patent by a month, it was brought out in a subsequent suit that Hunt had priority. On May 13, 1873, the patent office granted H. M. Rose of Waterman Station, ..., a patent on an ormored wire. This was the foundation of the present great wire industry in the United States.

Has Three Pets

Dear Uncle Tom—This is my second letter to your Aladdin club. I received my badge some time ago and like it very much. Thank yon for the same. I like to read the Uncle Wigglig stories and the interesting letters. I must tell you about our garden at school. It is all coming up nice now. It was too dry st first but now with this shower it helps a lot. The little grades have their garden alone and Grades VI, VII and VIII have theirs too. It all looks very nice. I am going to school every day. Today it is raining so much I did not go. I have to walk two and a half miles every day. I am going to tell you about my pets. I have two little dogs and a little kitten. I like the little kitten very much. Soe is white with gray spots. I sometimes have good times with my dogs. I call them Trixle and Fido. The one is black and the other one is brown. When we leave the kitten one is brown. When we leave the kitten something and drag it outside. They one carried my brother's gloves away and we found them a little while ago and when my brothers go somewhere they will follow them. Then we have a hard time getting them home again. Would anyone please send me the words of "School Days" and "Just Before the Battle, Mother"?
